# **MicroRNA-363-3p inhibits papillary thyroid carcinoma progression by targeting PIK3CA [Retraction]**

Liu J, Li Q, Li R, Ren PY, Dong S. *American Journal of Cancer Research*. 2017;7:148-158.

Recently we found that the unreproducible of regulatory actions of microRNA-363-3p on the tumor growth of nude mice by inhibiting PIK3CA.

For the sake of scientific rigor, we think it is most appropriate to retract the manuscript. All authors agree to retract the manuscript.
