

## *Retraction*

# **Isotopic study of L-Arginine kinetics in the lung during pseudomonas sepsis in an ovine model [Retraction]**

Xu H, Watson D, Yu YM, Traber DL, Fischer S, Nichols J, Deyo D, Traber LL, Cortiella J. *Int J Burns Trauma*. 2014;4:31-39.

The same paper entitled "Isotopic study of L-Arginine kinetics in the lung during pseudo-

monas sepsis in an ovine model" was released in *International Journal of Burns and Trauma*. 2013;3:201-208. We must retract the same paper in *International Journal of Burns and Trauma*. 2014;4:31-39.
