Lentivirus-mediated *TPD52L2* depletion inhibits the proliferation of liver cancer cells in vitro [Retraction]

Pan ZY, Yang Y, Pan H, Zhang J, Liu H, Yang Y, Huang G, Yin L, Huang J, Zhou WP. *International Journal of Clinical and Experimental Medicine*. 2015;8:2334-2341.

Several similar articles were published within the similar timeframe of this article as disclosed by a knowledgeable informant and subsequently confirmed by the Editorial Office.

Although the authors claimed the data were original and the actual experiments were sourced out to a biotechnology company, they failed to respond to editor's further inquiries and concerns in a timely manner. Therefore, the entire article has been retracted in accordance with this journal's policy and Editorial decision.
